Gentlemen:

Some place in the Minutes of this Society, I saw a reference to a medal presented by the Society in the nature of an award. I am interested in getting some information about this medal and am writing to ask whether or not you have ever seen such a medal or know where one is located. It may be similar to the seal shown on this letter-head.

Thanking you in advance for any information you can give me, I am

Very truly yours,

Edward Hoopes

Dear Sir:

The only medal we have that might apply to your organization, is shown on the enclosed rubbing. We have no idea when this was made. Our specimen is in blank, and is of copper.

Very truly yours,

Curator.
